SUMMARY
Enthusiastic MERN stack developer with strong frontend skills in building responsive and interactive web applications. Experienced in working with JSON Server for frontend projects and integrating basic backend functionalities using Node.js and Express. Familiar with MongoDB and committed to learning modern web technologies.

- SKILLS**
- **Frontend:** HTML, CSS, Bootstrap, JavaScript, React.js, Material UI, Tailwind CSS
 - **Backend (Basic):** Node.js, Express.js, MongoDB (CRUD basics)
 - **API Integration:** REST APIs, JSON Server
 - **Tools & Technologies:** VS Code, Postman, Chrome DevTools, Bootstrap
 - **Responsive Design:** Mobile-first, cross-browser compatibility
 - **Version Control:** Git, GitHub
-

- EDUCATION**
- BBA – Computer Application (BBA-CA) | Savitribai Phule Pune University | 2021 – 2024
CGPA: 7.99
 - HSC in Science | Mahatma Phule College, Pimpri | 2020
-

- PROJECTS**
- Car Rent Project (Frontend with JSON Server)**
- Responsive car rental website with dynamic car listing and booking features.
 - Used JSON Server to simulate backend and handle data.
 - Implemented filtering, search, and booking functionalities.
Tools: React.js, HTML, CSS, JavaScript, JSON Server, Bootstrap

- Clothing Store (Frontend with Context API)**
- User-friendly clothing store interface with product listing, filtering, and shopping cart.
 - Managed product data dynamically using React Context API.
 - **Live Project:** [Clothing Store](#)
Tools: React.js, HTML, CSS, JavaScript, Context API, Bootstrap

- Learning Management System (LMS) (Frontend with JSON Server)**
- Platform for managing courses and students with interactive UI.
 - Simulated backend using JSON Server.
 - **Live Project:** [LMS](#)
Tools: React.js, HTML, CSS, JavaScript, JSON Server, Bootstrap

- Expo Project (Frontend with JSON Server)**
- Responsive expo website showcasing events and exhibitions.
 - Implemented search and filter functionality with dynamic data from JSON Server.

- **Live Project:** [Expo Project](#)
Tools: React.js, HTML, CSS, JavaScript, JSON Server, Bootstrap
-

ADDITIONAL INFORMATION

- Open to relocation and remote work opportunities
- Committed to continuous learning and upgrading skills in full-stack development
